OBJECTIVE

Eager to contribute to innovative projects and develop professionally while enhancing team performance, achieving organizational goals, and taking responsibility.

PROJECTS

WasteX – Smart Waste Complaint System

- Developed a complete full-stack system to manage and track society waste complaints.
- Used React for frontend with protected routes and role-based access for users and admins.
- Created RESTful APIs with Express.js and Node.js for authentication, complaint handling, and image upload.
- Designed MongoDB schema with Mongoose to store users, complaints, and society details.
- Admin dashboard enables real-time monitoring and resolution of complaints.

EXPERIENCE

Full Stack Developer Intern – Edunet Foundation

- Created a dynamic MERN stack web application with login/signup functionality.
- Implemented frontend forms with validation, state management, and interactive components.
- Gained experience in deployment using GitHub and integrating with cloud platforms.
- Worked in a team using Agile methodology, actively participating in stand-ups and code reviews.

AREAS OF INTEREST

- Database Management System(SQL)
- Object Oriented Programming
- Data Structures & Algorithms
- Operating Systems

EDUCATION

Oriental Institute of Science and Technology, RGPV

B.Tech in Information Technology - CGPA - 7.25 Up To 5th Sem

2022 – 2026

Bhopal, India

Higher Secondary

GOVT.H.S. Excellence School - Percentage - 71%

Passed – 2022

Shivpuri, India

High School

Sant Mangaldas H.S. School - Percentage - 92.2%

Passed – 2020

Shivpuri, India
